**Ref: Focus Champions Conference, 01–02 June 2009**

Paul,

What can I say?

You and your teams' contribution to the conference was absolutely fantastic. I think the reaction to Monday nights "I'm a Celebrity" went even better than we all thought.

Also, I have to thank you for directing the "Just a Minute" session so well. It was great fun and again, went better than we could have expected. The audience seemed to really enjoy it and the feedback we have had has all been complimentary.

So a very successful conference and your efforts went a long way to helping towards that success.

Very many thanks to you and all your team

Regards

**Ken McLeod**  
**Director, Corporate**

Paul,

Adding to Ken's comments, I thought the entertainment you provided was first class and so much fun. It was even better than I expected and to keep 200 people entertained and involved over a long period of time was excellent and is a tribute to your professionalism.

I have had lots of positive feedback so far from delegates and we will have a lot more once the post conference questionnaires are sent back. I will keep you updated.

Please pass on my thanks to Ameila who was brilliant and also the animal handlers.

Thanks again to everybody involved and look forward to working with you in the future.

Kind regards

**Nicky Appleby**
