Dear Paul

Well what can I say, fourth year running and another fantastic event, we continue to say year after year how will the next top this one and needless to say you have surpassed our expectations once again! A hilarious pantomime and one we will certainly never forget!

A big thank you to you and your team for a highly professional afternoon and evening event, we love working with you because you make it all so easy for us.

We can't wait for next year!

Yours sincerely
